## DETAILED ACTION

### *Status of the Claims*

1. Claims 19-21 have been amended and Claims 26-31 have been added by the Applicant in correspondence filed on 01/26/2010. Claims 19-31 are currently pending. This is the second Office Action on the merits of the claim(s) following a request for continued examination.

## RESPONSE TO ARGUMENTS

2. Examiner acknowledges receipt of the Declaration under 37 CFR 1.132 by Changling Liu (hereafter Liu Declaration) received 01/26/2010.

3. Claims 19-22, 24, and 25 were rejected under 35 U.S.C. 103(a) as being unpatentable over Desbordes, et al. (International Application No. WO99/33812, 1999, already of record). Applicants traversed this rejection on the grounds that the instantly claimed compounds are unexpectedly superior to those taught and suggested by Desbordes, et al. Applicants supplied data in the Liu Declaration that the compounds of the instant specification possess unexpectedly superior fungicidal, insecticidal, and acaridal properties over those disclosed in the prior art and compound SYP-3342, which is a positional isomer of the elected species. After careful consideration, Examiner finds Applicants' arguments persuasive. Therefore, the rejection of Claims 19-22, 24, and 25 under 35 U.S.C. 103(a) as being unpatentable over Desbordes, et al., is withdrawn.

4. Applicants have overcome all standing rejections over Claims 19-22, 24, and 25. Claims 22 and 23 are hereby rejoined.

#### EXAMINER'S AMENDMENT

5. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Suzannah Sundby on 04/08/2010.

The application has been amended as follows:

A. Claim 21, line 18, the following has been **DELETED**:

"the"

#### REASONS FOR ALLOWANCE

6. The following is an examiner's statement of reasons for allowance: Applicants have successfully demonstrated that the instantly claimed compounds of formula (I) possess unexpectedly superior antifungal properties. Examiner notes that the chemical structure of formula (I) in Claims 19, 21, and 28 are for descriptive purposes only, and that the stereoisomer limitation at the end of the claims (stereoisomer E) explicitly and positively excludes stereoisomer Z from the claimed subject matter. The compounds of formula (I) are not obvious over Desbordes, et al. Claims 22 and 23 are drawn to a method of using the compounds of formula (I) and are rejoined. Newly added Claims 26-29 limit R<sub>4</sub> or R<sub>10</sub>. Newly added claims

30 and 31 limit the method of Claim 28. These newly added and rejoined claims are free of the prior art and comply with all of the requirements of 35 U.S.C. 112.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
